	23:00	01:30	2	3	4	1	6	7	8	5									1	2	3	4	5	6	7	8								

- Notes:**
- The load shedding timetable starts when there is a formal announcement from Eskom
 - To check what the position is of load shedding at any time, go to <http://www.loadshedding.eskom.co.za>
 - This is a monthly time table for Eskom customers
 - Example; If you are scheduled from 16:00 to 18:30, but loadshedding is declared at 17h00, you will only be load shed from 17h00 to 18h30.
 - If one is scheduled on a lower stage and a higher stage is declared, then your current time slot will not change.
Eg; a time slot from 16h00 to 18h30 in a stage, will be completed, even if a higher stage is declared during that time.
 - Please note that all shaded areas will be times when the power will be off. Schedules are cumulative, i.e. stage 3 will include the times as scheduled for the preceding stages 1 and 2.**
